

04 Boarding and during take-off

ENTERING THE AIRCRAFT

- The cabin crew will be waiting for you at the aircraft door.
- You can say hello to the cabin crew.
- Check your boarding pass for your seat number. If you need help, you can ask the cabin crew.

YOUR SURROUNDINGS IN THE CABIN

- You might have to sit next to someone you don't know.
- You might be able to smell food cooking or hear noises.
- **Put your bag in the overhead locker, or under the seat in front of you.**

GETTING READY FOR TAKE-OFF

- The cabin crew are here to help you and keep you safe.
- Pay attention to the cabin crew's safety demonstration.
- The safety card is in the seat pocket.
- Carefully read the safety card.
- **Make sure you fasten your seat belt.**

DURING TAKE-OFF

- We will be taking off from a long runway.
- Take-off will be noisy and shaky, and the noise of the engines might change throughout the flight.
- Your ears might feel strange.
- When the seatbelt sign turns off you can unfasten your seat belt and move around.
